Reading 1 (Blackwell)

RESOLUTION NO. 2019-08

A RESOLUTION AUTHORIZING THE MAYOR AND HOUSING MANAGER TO ACCEPT A DONATION OF ONE (1) UNIMPROVED VACANT LOT LOCATED ON E. 146TH STREET INTO THE MAPLE HEIGHTS LAND REUTILIZATION PROGRAM, AND DECLARING AN EMERGENCY.

Reading 1 (Blackwell)
Mr. Boresh lives at 15418 Woodbrook Ave and wishes to purchase the vacant lot behind his house, Parcel 786-15-035, owned by the Maple Heights Land Reutilization Program through the side yard program. Mr. Boresh is current on his property taxes, has no outstanding building violations and received a letter of support from Councilman Shenett. He wishes to use the vacant to expand his yard and to continue cutting it during grass season, as he has been doing since 2014.
Mr. Lawrence Coven wishes to donate his property, vacant land PPN# 785-09-099, to the Maple Heights Land Reutilization Program. Mr. Coven has owned the property since 1982, has no outstanding violations on the property and is current on all property taxes. Mr. Coven is getting old in age and wishes to donate the property in order for the property to continue to be taken care of.
Neil Kiesel Trs owner of PP# 782-18-042, a vacant lot on Milan Drive, wants to donate the property to the Maple Heights Land Reutilization Program. Access of this property is essential for the Milan-Harlan sewer improvement project. Initially purchasing an easement was discussed but the owner has offered to donate the parcel to the Maple Heights Land Reutilization Program. The amount owed on the taxes are greater than the cost of the easement, however the cost will be returned to the City through the sewer improvement project. In recognition of this Mr. Keisel has offered to donate the property in exchange for the City agreeing to no longer hold him responsible for any of the property taxes or assessments due on this parcel of land.
Mr. Akinbode lives at 14300 Rockside Rd and wants to purchase the vacant next door to his house, Parcel 785-07-035, owned by the Maple Heights Land Reutilization Program through the side yard program. Mr. Akinbode is current on his property taxes and has no outstanding building violations.

The 2019 OML Membership Dues Invoice/Statement

The challenges to municipalities in Ohio continue to increase and come from many directions, either through reduced revenues that have manifested themselves via cuts to the Ohio Local Government Fund and the elimination of Ohio’s Estate tax or from the administrative side with continuing challenges to Home Rule authorities. In addition, many municipal officials, including League staff, have recognized that a basic education initiative is often needed to inform or remind state policy makers of the vital role Ohio cities and villages play in sustaining the health and vitality of the state’s economic and cultural future. Clearly, it is a significant challenge to collectively address, in a cohesive manner, the myriad of issues which confront municipal officials as they strive to deliver services, businesses and residents depend upon daily, and respond to new circumstances that may present themselves.

With legislative term limits and increased polarization during political discussions, now more than ever a unified municipal message, advocating priorities of importance for municipal leaders to state officials, is crucial and defines the principal mission of the Ohio Municipal League.

But a statewide association like the League is only as strong and productive as the support received from its membership.

Since 1952, the Ohio Municipal League has not only provided our member cities and villages with a unified voice at the Ohio Statehouse, but has also offered services designed to keep Ohio’s municipalities vibrant while providing municipal leaders with the most up-to-date information that directly affects the well-being of their particular communities. Given the challenges behind and ahead for Ohio municipalities, member support for the mission of the League is more important now than ever.

Through your continued support, the League will continue to:

- Provide a unified municipal message concerning important issues before the Ohio General Assembly, the Governor and other state agencies that play a role in the administration of municipal duties;
- Provide a wide menu of training programs and opportunities for municipal officials including programs provided through the OML Annual Conference, Mayor’s Court
Training and Certification sessions, and training seminars for newly elected members of council;

- Provide a large assortment of informational tools for municipal officials including Cities and Villages magazine, the OML Legislative Bulletin providing current updates and alerts concerning legislation important to municipalities and other periodic reports and training resources;
- Provide legal advocacy on a wide range of municipal issues including continued threats to constitutionally afforded municipal Home Rule provisions;
- Provide sample ordinances and other peer information resources for members who request guidance.

Currently, over 60% of the League’s annual operating resources come from membership dues. A portion of revenue generated through member dues is specifically earmarked for the OML Legal Advocacy Program which defends municipal cases before the Ohio Supreme Court and Federal courts, concerning issues such as protecting Home Rule, as well as others. With the continued support of the League membership through the remittance of dues, we will be able to continue our current programs while ramping-up advocacy outreach initiatives in the coming year and into the future.

If you have any questions, please feel free to call me directly. THANK YOU for your continued support and prompt attention to this request.

Sincerely,

[Signature]

Dear Tracy,

To help you with your annual budget process we have put together some information for you on your anticipated support pricing for 2019. **This information is for budgeting purposes only for 2019-2020 annual contracts.** Any changes or additions to your contract will be calculated at your renewal and can result in a different renewal cost.

Your support plan benefits and prices will become effective on your renewal date of January 1st, 2019. Excluding any new applications or services you may have added during your plan year, the price for your 2019 software support renewal will be $9,388. Please be aware that if you are on a monthly plan a 3% fee will be added to this amount for administration.

We encourage customers to continue using The SSI Academy which is included in your annual support agreement and is open to unlimited users within your organization. The Academy will also include all year-end training webinars at no additional charge; enroll as many people as you like. Be watching for additional news as well as a webinar schedule for 2019.

We are again encouraging customers who do not have an off-site backup system in place to consider our **Cloud Backup Service.** This has saved several clients from a catastrophic data loss and is available at an affordable price. Off-site backups are an important part of any Disaster Recovery Plan and are commonly asked for during audits. They give you peace of mind and allow Software Solutions technicians to restore your data from the cloud in the event that your data is destroyed and local backups are not available. To find out more about our Cloud Backup Service, please contact Karen Steele at 800-686-9578 x444.

If you have any questions, please contact me at 800-686-9578 extension 404.

Sincerely,

Leading conservation in the urban landscape
MEMORANDUM OF UNDERSTANDING for 2019
Between the Cuyahoga Soil and Water Conservation District
and the
Northeast Ohio Regional Sewer District
and the
City of Maple Heights

This Memorandum of Understanding ("MOU") is made this day of January, 2019 ("Effective Date"), between the Cuyahoga Soil and Water Conservation District (SWCD) and the Northeast Ohio Regional Sewer District (NEORSD), pursuant to the authority of Board of No. 406.18, adopted December 6, 2018, and City of Maple Heights ("City") for providing technical assistance in implementing soil and water conservation measures.

Purpose – Implementation of conservation education, stewardship, and public involvement activities that also corresponds to the City’s Municipal Separate Storm Sewer System (MS4) permit.

Recognizing the need for effective collaboration in raising awareness through education, stewardship opportunities and public involvement and working to change the perceptions and behaviors of the public for a cleaner, healthier environment, such as what is required in the National Pollutant Discharge Elimination System (NPDES) permit, the City, the Cuyahoga Soil and Water Conservation District (SWCD), and NEORSD accept this agreement as the document which describes the process for exchange. Cooperation between these units of government facilitates better awareness of environmental issues and potential solutions for a healthier environment. In providing conservation education assistance and expertise to the City, the SWCD hopes to influence citizens to better protect and conserve soil and water resources. The Ohio Revised Code, Chapter 940, describes the District’s authority for engaging in this MOU.

Additionally, NEORSD is required to provide Phase II stormwater regulation support services to member communities for Minimum Control Measure Nos. 1, 2, 3, and 6 under NEORSD’s Regional Stormwater Management Code (Title V), and is further authorized to provide such services through agreements with service providers such as the SWCD.

The SWCD, NEORSD, and the City have mutually agreed to this scope of assistance related to education, stewardship and public involvement for the conservation of soil and water resources.

Cuyahoga SWCD Conservation Program

The SWCD will work with the City to provide a conservation program that includes public education and public involvement, such as that listed in the City’s Storm Water Management Plan, local watershed action plan, and/or balanced growth plans, or others as mutually agreed upon. The goal of the education, stewardship and public involvement program is to reach diverse stakeholders, including City residents, City staff, school children, etc. through the following services:

1. SWCD staff will coordinate activities and facilitate program implementation with feedback from the City’s designee and/or through an annual stakeholder meeting.
2. SWCD staff will attend City council meetings, as requested.

3. SWCD will assist the City in planning and promotion of a local pollution prevention or clean water event and assist in identifying partnerships with various community stakeholders. Events may include stream clean ups, drain stenciling, water festivals or other activities to engage the public.

4. SWCD will create a variety of educational materials, including brochures, fact sheets, newsletters, newsletter articles, web-based information for the City's use, special mailings, educational posters and school programs, such as age-specific student programs and teacher workshops related to conservation concerns, including watershed issues, soils and water.

5. SWCD will provide opportunities for student involvement in local, state and national programs and competitions.

6. On the City’s behalf, the SWCD will participate in the Northeast Ohio Public Involvement and Public Education Work group (NEO PIPE). Products produced by the NEO PIPE Work Group will be shared with the City.

7. The SWCD will seek opportunities to maximize impact and minimize additional program costs related to printing large quantities of selected materials that become available to the public.

8. The SWCD will provide an annual report of all activities undertaken, including copies of all fliers, notices, and types of stakeholders reached, attendance records and any data collected.

**City of xx Role**

1. The City will designate someone to serve as the liaison to the Cuyahoga SWCD and to help provide guidance regarding conservation education and public involvement and with coordination of activities such as improvement days, storm drain stenciling, and watershed planning activities.

2. The City will help to identify potential leaders, including civic leaders, civic groups, senior organizations, fraternal groups, scout leaders, school liaisons, business leaders and anyone else that should be contacted through an outreach program.

3. The City will disseminate program information in a timely manner.

4. The City will assume full responsibility for completion and submittal of their required annual reports.

**Agreed Procedures**

- The City agrees to grant an annual conservation appropriation to the SWCD, not to exceed $5,500 for a one-year term, following the Effective Date, and the Cuyahoga SWCD agrees to use the grant funds to provide a conservation program for the City.

- The City will provide a resolution to the SWCD that acknowledges this working agreement and provides documentation to facilitate dispersal of funds to the SWCD on an annual basis.

- That the SWCD is a conservation technical and education service agency and therefore is not
granted regulatory authority in the Ohio Revised Code.

- That the working relationship will be defined to include lines of communications with appropriate departments. The SWCD and the City will meet at least once a year to coordinate a work plan and exchange information with the goal of developing a multi-disciplinary approach to resource management.

- SWCD will provide a written annual report, relevant to its role, as outlined in this MOU.

- That credit will be given jointly to the SWCD and the City in any conservation publications produced.

- That all parties will review quality of service and address concerns as they arise.

- The City recognizes the SWCD's obligation to make its reports and other written materials available to the public on request in accordance with the Ohio Public Records Act.

- All services of the SWCD are offered on a non-discriminatory basis without regard to race, age, marital status, handicap or political persuasion.

Coordination between NEORSD and SWCD

1. In accordance with Title V of NEORSD's Regional Stormwater Management Code, NEORSD will provide an appropriation in the amount of $5,500 to the City, which shall use such appropriation to pay the Cuyahoga SWCD to carry out the services set forth in this MOU.

2. NEORSD and SWCD shall jointly plan annual MCM #1 and MCM #2 activities.

3. SWCD shall provide the District with monthly reports of services provided to each community.

Term, Renewal, Termination

The term of this MOU shall commence on the date (the "Initial Effective Date") SWCD receives written notice from the City, in a form approved by SWCD and in accordance with Sections 5705.41 and 5705.44 of the Ohio Revised Code, as applicable, indicating that the City has agreed to grant funds, in an amount agreed to by the parties, to support SWCD's general operations for the following 12-month period (the "Initial City Notice"). The parties acknowledge, understand, and agree that any such funding shall be for the purposes of the SWCD's providing Phase II services for a period of 12 calendar months following the Initial Effective Date (the "Initial MOU Term") and that this MOU shall terminate on the 12-month anniversary of the Initial Effective Date.

This MOU may be amended or terminated at any time by mutual consent of all parties.
In witness thereof, the Memorandum executed and agreed to on the latest day, month and year written below:

- Both Hotel Classic and Hotel Orthopedic sets feature two-sided mattresses and 81 Coil box spring units.

- The "Hotel Classic" model quoted above has cost advantages and is suitable for an adult to sleep on, but it features our starting quality Innerspring that will offer less support, durability, and firmness compared to the "Hotel Orthopedic" model.

- The "Hotel Orthopedic" model quoted above uses our best quality Innerspring and is available in two comfort choices: a harder feel (Hotel Orthopedic Extra Firm), and a softer feel (Hotel Orthopedic Luxury Firm).
